

SCTE TRAINING- February 26th 9-10:30am & 1-2:30pm

Smart Amplification

Presented by Dave Sinclair, Teleste

1.8GHz Smart Amplifiers are no longer future Next Generation, rollouts are happening today across many Cable Service Providers footprints. This presentation will cover technical topics of these high gain, highly intelligent amplifiers to further educate plant technicians and engineers in preparation of upcoming plant upgrades.

This training will be conducted via Webex
