

Jane Jackson

Clearwater Telecommunications

Technical Operations Director

I have been in the telecommunications industry since 1994. I began my career as a network technician working for Clearwater Telecommunications in South Dakota. I was promoted to Network Manager in 2009 and have held my current position for the past 2 years.

I have a Bachelor's degree in Network Information from Dakota State University.

If elected to the Dakota Territory Board, I will strive to help the Chapter create the opportunities to provide the maximum benefits to our local members.
